CONSTRUCTION CONSULTANCY SEES IMMEDIATE GROWTH IN OAKLAND WITH LOCAL LEADERSHIP'S CLIENT FIRST APPROACH

Oakland, Calif. – April 5, 2018 – [Cumming](#), an international construction consultancy, opened a new office less than a year ago in Oakland after seeing a local need for better project delivery and a more controlled approach to development. Finding immediate success with its owner-first mentality, Cumming's new Oakland office saw revenue pass \$1.5 million in 2017 and the team is already on track to see double digit growth in 2018.

Opening its doors in fall 2017, Cumming is currently providing project management services for Oakland Unified School District, Piedmont Unified School District, Castro Valley Unified School District, the LakeHouse Commons residential tower, and cost management for a variety of East Bay clients across various sectors.

"The delivery of each project on budget, on schedule, and on quality is our primary goal - and our team of local experts have been successfully bringing that mentality to these projects since day one," said John Olsson, Senior Director at Cumming. "Project delivery is much more predictable when you have a single point of responsibility proactively monitoring risk and holding all stakeholders accountable."

Experts in construction project and cost management services, Cumming has assembled a diverse portfolio that includes an array of work in the healthcare, education, commercial, hospitality, retail, entertainment, and high-end residential sectors. The firm has more than 400 assignments underway at any given time, and has worked on projects worldwide with a collective value exceeding \$150 billion.
